15<sup>th</sup> March 2024

# BRITISH SCIENCE WEEK

We kicked off this exciting week with an assembly in our school hall on Monday morning, led by our esteemed STEM Technicians. This year's theme, 'Time,' was introduced with enthusiasm as they unveiled their pivotal role in our school community, including the distribution of invaluable resources to classrooms. Moreover, we couldn't help but admire their sharp new lab coats, generously provided by our wonderful PTGA – a heartfelt thank you for their unwavering support!

In conjunction with the esteemed 'Ogden Trust,' dedicated to enhancing the teaching of physics in schools, we're thrilled to announce an engaging competition currently underway. Witness the creativity and ingenuity of our students as they showcase their entries, each inspired by the remarkable work of scientists. Let's celebrate the spirit of discovery and innovation that British Science Week embodies!"

15<sup>th</sup> March 2024

## YEAR 6 – A FANTASTIC TERM

Year 6 have had a great term, here are some of our highlights!

In Music, we have been exploring sea shanties and our classroom has been a plethora of musical talent- it should make for a fantastic 2024 Year 6 Production!

In Science, we investigated Darwin's theories of evolution and found the best beaks to find food. We also studied fossilisation and created fossil sandwiches! We are now exploring electrical circuits and using these to create a programme intruder alarms.

In Computing we have been creating our own virtual spaces- we then used programming to make objects move. The children learned about binary code and are future computer programmers in the making!

We love to read in Year 6, we had a fantastic time dressed as some very impressive vocabulary choices for World book Day 2024!
